Athens, Greece 16121

Dear Mrs Tsatsou,

On behalf of the Organizing Committee, I would like to express my recognition and appreciation for the excellent work that you and your team from Erasmus S.A. performed during the preparation as well as during the XIth International Myeloma Workshop and IVth International Workshop on Waldenstrom's Macroglobulinemia that took place from 25-30 June 2007 on Kos island.

You all showed an immense amount of energy and positive attitude, and I have heard nothing but praise from all who attended the workshop, while everyone felt that you did a superb job.

It was a great pleasure to work with you and your colleagues and I sincerely thank you for the smooth and effective organization for the 1.600 participants, which I know came as a result of many months planning.

With my best regards

Professor Meletios A. K. Dimopoulos
