Dear Georgia,

I would like to thank the entire team at ERASMUS and especially Mrs Vicky Nickolopoulou together with Mr Spiros Lianos and Mr Dimitris Papastathopoulos for their fantastic assistance before, onsite as well as after the congress.

ERASMUS has a fantastic network with professional and service minded suppliers in all from hostesses to exhibition assistance. Their network and relationship with high end suppliers made our meeting run extremely smooth. One great example is that ERASMUS managed to bring our delegates into a venue closed for the public when the opening ceremony was held at the Herod Atticus Theatre.

We experienced some big strikes onsite but with fantastic assistance from ERASMUS the meeting could run as planned. They arranged buses, hostesses and made sure everyone could reach the venue as well as join the social events when no public transportation was running.

I would really like to thank the whole team at ERASMUS, for your positive attitude, great patient, always flexible attitude and ready to serve! You where a great partner to work with no challenge was too big to solve. A special big thank you again to Vicky! It was a pleasure having you as project manager to rely on.

I can warmly recommend ERASMUS to anyone who is looking for a reliable partner in Greece!

Sincerely,
Sofia
