

May 3, 2018

Dear Spiros,

We would like to extend our sincere gratitude for your services and assistance throughout the planning phase and during the onsite operation for the the European Biotechnology Congress 2018 which took place at Metropolitan Hotel Athens between the dates of April 25th and April 28th, 2018.

Since the initial proposal everything was very well put, thoroughly explained and all questions were responded in a timely and kindly manner. Furthermore, thank you for your positive, helpful and problem solving attitude. Also, part time staff you provided Ms Maria, Mr. Tassos and Dimitris very nice and helpful. With your assistance our client was happy and the meeting ran smoothly and successfully.

We look forward to our future collaboration.

With best regards,

Ayşe Askin Erten
