For the attention of Ms Georgia Tsatsou

Dear Georgia,

Many thanks for all your help in helping us to arrange the Delegates Tour and the Conference Dinner for our recent Conference in Vouliagmeni.

Given that we challenged you and Georgina to set up the facilities only eight weeks before the relocated meeting, your help and assistance in making everything go to plan was extremely helpful to me. Even the change in the location of the Companion's Tour due to the ferry strike went very well, although I am advised that our guests would have appreciated a little more time to "stand and stare".

The Dinner at Island was excellent and I know everyone really enjoyed the food and the entertainment. I also appreciate you and your two friends coming to greet us and ensure that everything went throughout the evening, and ensuring everyone got back on the buses at the end!

Excellent organisation and I have no difficulty in recommending Erasmus services to anyone else managing a conference in Athens.

Yours faithfully,
