Dear Colleagues,

We are very happy to welcome you to the 4th International Summit on Nail Diseases, at the Divani Caravel Hotel, in Athens, Greece.

Building on the success of the previous International Summits for Nail Diseases, this 4th edition aspires to bring together distinguished experts from around the globe and provide attendees with the opportunity to be informed of the latest scientific data and updated on the diagnosis and treatment of nail diseases.

A variety of session types, featuring among them hands-on workshops, will allow a balanced combination of the didactic approach with interactive learning and information exchange, ultimately leading to the enhancement of clinical practice, to the benefit of the patient.

Moreover, a significant part of the scientific content has been built on your own contributions, through the submission of your abstracts.

We look forward to your active participation in the 4th International Summit on Nail Diseases and we hope you will benefit from this experience!

Dimitrios Rigopoulos
President of the Summit

Social Programme
OPENING CEREMONY & WELCOME RECEPTION
Friday, June 23, 2017 | 20:30 hrs
Dress code: Smart / casual
The Opening Ceremony will take place in Olympia Hall. An informal welcome reception will follow at the Roof Garden (9th floor) of the Summit venue for all delegates.
**Speakers’ Reception Desk**
The Summit sessions’ hall is equipped with computer projectors. To ensure the successful running of the Summit, speakers are requested to have their presentations delivered to the Speakers Reception Desk in a timely manner; thus, presentations are to be delivered at least one (1) hour prior to the beginning of the respective session or the day before for early morning sessions.

**Accreditation**
The 4th International Summit on Nail Diseases is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net. The Summit is designated for a maximum of 12 hours of European external CME credits. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity. ECMECs are recognized by the American Medical Association towards the Physician’s Recognition Award (PRA). To convert ECMECs to AMA PRA category 1 credit, please contact the AMA.

**Electronic Posters (e-Posters)**
All posters will be on display for the entire Summit and will be available for viewing during programme hours. The posters will be viewed within a dedicated Poster Viewing Zone at the foyer of the Olympia Hall. E-posters are presented in two ways: on a large number of computers where every participant can search and view any poster, anytime during the Summit, and also on large 55-inch, high-definition monitors, with time-tabled schedule. A list of all posters can be found on pages 18-21.

**Instructions for browsing electronic Posters after the Summit**
Following the increasing trend for making scientific information available to the entire scientific community, e-posters of the Summit will be published online for one year, subject to the permission of their authors, at the following address: www.epostersonline.com/nail2017. All information, including the full text, as well as full resolution PDF file of each poster will be searchable by poster title, author, institution, keywords or free text.

**Questions to Speakers**
Wireless microphones will be at your disposal during the discussion period in all sessions. Delegates wishing to participate in the discussion periods should raise their hand and wait to be acknowledged by the chairperson.

**Certificate of Attendance**
An official Certificate of Attendance will be sent via email to all registered delegates after the conclusion of the Summit.

**Language**
The official language of the Congress is English. No simultaneous translation will be provided.

**Mobile Application**
The Scientific Programme is available for viewing through the mobile application. Delegates may scan the QR Code available here using their iPhone or Android. The scientific content will be evaluated through the mobile application; delegates are kindly requested to provide their feedback of the presentations they are attending.
