The Cambridge Prostate mpMRI & Biopsy Course

Athenian Urology Days | 21st May 2021

Course Format

- ✓ Short Lectures
- ✓ Live Case Analysis
- ✓ Live Demonstrations
- ✓ Live Q&A Discussion

Course Overview

This established international workshop has traditionally addressed the approach to learning the skills required for a new diagnostic tool and its application using guided biopsies in a multidisciplinary environment involving Radiologists, Urologists and Pathologists. Modules for beginners and advanced readers are provided.

The quality and advantages of Prostate MRI have re-defined prostate diagnostic practice in recent years. Recent publications of PROMIS, PRECISION and the Hansen BJUi papers strongly advocate the use of mpMRI for lesion detection and biopsy avoidance in the diagnostic pathway.

The Cambridge Course has been greeted with unanimous applause not only for the original 2-day annual course since 2013 but also in short course format and seminars at ECRs, Focal Therapy Symposia and the SIU CONFERENCES. We recommend MRIpro as a validated online learning tool to consolidate the skills after the course.

Accreditation & Certificate

The Cambridge Prostate mpMRI & Biopsy Course, Virtual Event, Greece, 21/05/2021-21/05/2021 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with **2 European CME credits** (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

After the course is over all participants will be sent the course evaluation form after whose completion, they will receive their certificate of attendance.

Organized By

Prof. Tristan Barrett, Radiology
Prof. Christof Kastner, Urology

Course Speakers

Prof. Tristan Barrett, Radiology
Prof. Ola Bratt, Urology
Prof. Christof Kastner, Urology
Prof. Simon Russell, Clinical Oncology

Course Programme

MRI Workshop

11:00 – 11:07 | *Christof Kastner*

Welcome & Introduction to Prostate Cancer Diagnostics and the Role of MRI

11:08 – 11:19 | *Tristan Barrett*

Tutorial: Prostate MRI & PI-RADS

11:20 – 11:24 | *Tristan Barrett*

MRI Case Analysis on DynaCAD – Basic Case

11:25 – 11:28 | *Tristan Barrett*

RAIQC Introduction

11:28 – 12:03 | *Tristan Barrett & Christof Kastner*

Hands-on MRI Case Analysis with RAIQC - Basic Level

12:04 – 12:11 | *Tristan Barrett*

Tutorial: Pearls & Pitfalls of Reading and Reporting

12:11 – 12:51 | *Tristan Barrett & Christof Kastner*

Hands on: MRI Case Analysis RAIQC – Intermediate Level

12:52 – 13:07 | *Christof Kastner*

Integration of MRI and Fusion Biopsy into the Diagnostic Pathway

Biopsy Workshop

13:08 – 13:18 | *Christof Kastner*

Tutorial: Biopsies Using Prostate MRI – Technique & Technology

13:18 – 13:28 | Industry Presentation

Biopsy on-screen demonstration with Uronav

13:28 – 13:35 | Industry Presentation

Biopsy on-screen demonstration with Vecto® BiopSee

13:35 – 13:50 | *Ola Bratt*

Value and Use of MRI Based Assessments in Treatment Decision and Surveillance of Prostate Cancer

13:51 | *All Speakers*
