Peter Kronenberg
Portugal

Peter Kronenberg is a consultant urological surgeon and works at the Hospital CUF Descobertas in Lisbon. He is co-founder and former president of PETRA (Progress in Endourology, Technology and Research Association).

His research and innovations in laser lithotripsy led to changes in the current practice of laser lithotripsy throughout the world, and were published in the most renowned urological journals, winning multiple prizes at the WCET, AUA and EAU annual congresses, and an Article of the Year Award.

He continues focusing his basic research on the technical aspects of laser lithotripsy and is actively involved in the development of the Super Pulsed Thulium Fiber Laser Technology, another breakthrough in laser lithotripsy.
